
OMB State Single Points of Contact

It is estimated that in 2001, the Federal Government will outlay \$305.6 billion in grants to State and local governments. Executive Order 12372, "Intergovernmental Review of Federal Programs," was issued with the desire to foster the intergovernmental partnership and strengthen federalism by relying on State and local processes for the coordination and review of proposed Federal financial assistance and direct Federal development. The Order allows each State to designate an entity to perform this function. Below is the official list of those entities. States that are not listed have chosen not to participate in the intergovernmental review process, and therefore do not have a Single Point of Contact. If you are located within one of these States, you may still send application materials directly to a Federal awarding agency.
