The U.S. Department of Justice (DOJ), Office of Justice Programs (OJP), Office of Juvenile Justice and Delinquency Prevention (OJJDP) is seeking applications for funding under the fiscal year (FY) 2016 Smart on Juvenile Justice: Enhancing Youth Access to Justice State Reform Implementation Program. This program furthers the Department’s mission by funding efforts that reduce recidivism and ensure that children and youth receive the guarantees of due process and equal protection.

OJJDP FY 2016 Smart on Juvenile Justice: Enhancing Youth Access to Justice State Reform Implementation Program
Applications Due: July 5, 2016

Eligibility

Eligibility to apply is limited to the four recipients of OJJDP’s FY 2015 Enhancing Youth Access to Justice Initiative: Category 1 State Reform Planning Grants (Judiciary Courts of the State of Indiana, Kentucky Department of Public Advocacy, Washington State Office of Public Defense, and Delaware Criminal Justice Council). To be eligible for funding under this solicitation, applicants must have developed a statewide plan and submit it as an attachment to their application.

OJJDP may elect to make awards for applications submitted under this solicitation in future fiscal years, dependent on, among other considerations, the merit of the applications and the availability of appropriations.

Deadline

Applicants must register with OJP’s Grants Management System (GMS) prior to submitting an application for this funding opportunity. Registration is required for all applicants, even those previously registered in GMS. Select the “Apply Online” button associated with the solicitation title. See the “How To Apply” section on page 22 for more details. Registrations and applications are due by 8:00 p.m. eastern time (ET) on July 5, 2016.

Contact Information

For technical assistance with submitting an application, contact the Grants Management System Support Hotline at 1-888-549-9901, option 3, or via e-mail to GMS.Helpdesk@usdoj.gov. Hotline hours of operation are Monday-Friday 6 a.m. to 12 midnight ET, except federal holidays.
Applicants that experience unforeseen GMS technical issues beyond their control that prevent them from submitting their application by the deadline must e-mail the OJJDP contact identified below \textit{within 24 hours after the application deadline} and request approval to submit their application. Additional information on reporting technical issues is found under “Experiencing Unforeseen GMS Technical Issues” in the \textit{How To Apply} section.

For assistance with any other requirements of this solicitation, contact Nicole Dennis, Deputy Associate Administrator of the Juvenile Justice System Improvement Division, by telephone at 202-532-0169 or by e-mail at Nicole.Dennis@usdoj.gov.

OJJDP FY 2016 Smart on Juvenile Justice: Enhancing Youth Access to Justice State Reform Implementation Program (CFDA #16.836)

A. Program Description

Overview

Developing a comprehensive approach to effective juvenile defense is challenging for even the most sophisticated juvenile justice agencies. It requires access to data, changes to service delivery systems, and coordination among multiple stakeholders. In FY 2015, the Office of Juvenile Justice and Delinquency Prevention (OJJDP) awarded planning grants to four states to support them as they developed strategies and policies to ensure that every child receives the guarantees of due process and equal protection and that their other constitutional rights are honored. This solicitation will provide grants to support award recipients and their collaborative partnership teams as they implement their reform plans to develop effective, well-resourced, statewide model juvenile indigent defense delivery systems with assistance from the National Juvenile Defender Center, the training and technical assistance provider for this initiative.

This program is authorized pursuant to paragraph (8) under the Juvenile Justice heading in the Department of Justice Appropriations Act, 2016, Pub. L. No. 114-113;129 Stat. 2242,2310.

Program-Specific Information

OJJDP recognizes that the role of the juvenile defender is highly complex and specialized. In 1967, the U.S. Supreme Court issued its landmark decision (*In re Gault,* 387 U.S. 1) guaranteeing the right to counsel for children in delinquency proceedings. Despite the efforts of juvenile justice professionals, many children across the nation are still denied meaningful access to counsel at critical stages of the juvenile justice process. For example, OJJDP’s Survey of Youth in Residential Placement found that only 42 percent of youth in custody reported that they had access to a lawyer. The survey also found that a minority of youth in custody had requested counsel, and only 13 percent of those who requested counsel actually received access to a lawyer.

In FY 2015, OJJDP provided 1-year planning grants to four state government agencies to develop and finalize comprehensive strategic plans on how to develop strategies, such as training, standardized policy and procedures, data collection and standards of practice, and policies for the management of those systems, that will improve their statewide juvenile indigent defense delivery systems.

---

2 Ibid. OJJDP-2015-4209 5.
During the planning phase, each grantee convened a diverse committee of critical stakeholders to identify reforms to the juvenile indigent defense delivery system and advance the principles and practices that research demonstrates improve system capacity and infrastructure to implement these reforms successfully. The four grantees worked with the National Juvenile Defender Center to develop their respective strategic plans.

Through this solicitation, OJJDP invites the four grantees to submit applications for grants to implement their strategic plans. When determining which states will receive implementation grants, OJJDP will consider the quality and comprehensiveness of the strategic plans, including the level of commitment to implementation that key leaders and stakeholders demonstrate. Applicants must attach a detailed summary of their OJJDP-approved statewide juvenile defense reform strategic plan, including letters of support and memoranda of understanding indicating commitment from key leaders and stakeholders.

Goals, Objectives, and Deliverables

The goal of this initiative is to enhance the state’s capacity to deliver quality, fair, and comprehensive legal services to youth who have come into contact with the juvenile justice system.

The objective is to enable states to implement strategic plans that will promote comprehensive statewide system reform. Implementation of the plans should result in effective, well-resourced model juvenile indigent defense delivery systems with standards of practice and policies for the management of those systems. Improvements will be data-driven, evidence-based, developmentally-appropriate, and focused on state-level reform.

Activities and deliverables may vary by state depending on the specific needs, priorities, and focus areas that each state identified during the planning phase, as reflected in the content of the states’ resulting strategic plans. Some examples of supported strategies include:

- Engage and mobilize key leaders and stakeholders, including those from the state’s juvenile indigent defense bar, essential to implementing the strategic plan with fidelity.
- Establish planning bodies or interagency work groups to facilitate a coordinated, cross-disciplinary approach to implementation.
- Allocate state and local resources and appropriations in a sustainable fashion that aligns with the short- and long-term goals and objectives set forth in the strategic plan.
- Create, amend, or rescind juvenile justice policies and procedures and align programs, services, systems, tools, and practices with what contemporary research shows works to improve juvenile indigent defense.
- Build staff knowledge, skills, and capacity and train staff on new and improved programs, services, systems, policies, practices, and procedures.
- Develop and conduct outreach materials/plans to inform the public, specifically families and juveniles, about new and improved programs, services, policies, or procedures resulting from implementation of the statewide strategic plan.
• Ensure that data systems are effective, consistent, and thoroughly tracking juvenile defense needs, services delivery, and corresponding outcomes on a statewide basis.

• Share collected data with system actors, stakeholders, and policymakers, and use data to hold providers and agencies accountable for results, guide improvements, and measure implementation progress.

Because this solicitation will support the implementation of comprehensive, statewide system reform plans, activities should address a large enough target population of juvenile justice system-involved youth to significantly impact state and local outcomes.

Evidence-Based Programs or Practices
OJP strongly emphasizes the use of data and evidence in policy making and program development in criminal justice, juvenile justice, and crime victim services. OJP is committed to:

• Improving the quantity and quality of evidence OJP generates.

• Integrating evidence into program, practice, and policy decisions within OJP and the field.

• Improving the translation of evidence into practice.

OJP considers programs and practices to be evidence-based when their effectiveness has been demonstrated by causal evidence, generally obtained through one or more outcome evaluations. Causal evidence documents a relationship between an activity or intervention (including technology) and its intended outcome, including measuring the direction and size of a change, and the extent to which a change may be attributed to the activity or intervention. Causal evidence depends on the use of scientific methods to rule out, to the extent possible, alternative explanations for the documented change. The strength of causal evidence, based on the factors described above, will influence the degree to which OJP considers a program or practice to be evidence-based. Applicants may use the OJP CrimeSolutions.gov website and OJJDP’s Model Programs Guide website to find information about evidence-based programs in criminal justice, juvenile justice, and crime victim services.

Additional Resources
OJJDP encourages applicants to review the recommendations from the Attorney General’s National Task Force on Children Exposed to Violence and the Attorney General’s Advisory Committee on American Indian/Alaska Native Children Exposed to Violence and the National Research Council’s Reforming Juvenile Justice: A Developmental Approach and Implementing Juvenile Justice Reform and consider incorporating the recommendations into their applications, where applicable.

Performance Partnership Pilots. Applicants under this OJJDP program may also be eligible to apply for or participate as a partner in the Performance Partnership Pilots program authorized by Section 526 of Division H of P.L. 113-76, and further extended through subsequent appropriations acts for fiscal years 2015 and 2016 including Section 219 of Division B of P.L. 113-235 and Section 219 of Division B of P.L. 114-113. Pilots seeks to identify cost effective, outcome-focused strategies at the state, regional, and local levels that
support improved outcomes for disconnected youth (individuals between the ages of 14 and 24, who are low income and either homeless, in foster care, involved in the juvenile justice system, unemployed, or not enrolled in, or at risk of dropping out of an educational institution). The program is particularly designed for organizations that have multiple sources of federal funding from the participating agencies. Find more information about the program and the application process here.

B. Federal Award Information

OJJDP expects to make two state implementation grant awards of as much as $750,000 each for an estimated total of $1.5 million for a 24-month project period, beginning on October 1, 2016.

OJJDP may, in certain cases, provide supplemental funding in future years to awards under this solicitation. Important considerations in decisions regarding supplemental funding include, among other factors, the availability of funding, strategic priorities, assessment of the quality of the management of the award (for example, timeliness and quality of progress reports), and assessment of the progress of the work funded under the initial award.

All awards are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by law.

Type of Award
OJJDP expects to make any award from this solicitation in the form of a grant.

Financial Management and System of Internal Controls
Award recipients and subrecipients (including any recipient or subrecipient funded in response to this solicitation that is a pass-through entity) must, as described in the Part 200 Uniform Requirements set out at 2 C.F.R. 200.303:

(a) Establish and maintain effective internal control over the federal award that provides reasonable assurance that the recipient (and any subrecipient) is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award. These internal controls should be in compliance with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States and the “Internal Control Integrated Framework” issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

(b) Comply with federal statutes, regulations, and the terms and conditions of the federal awards.

(c) Evaluate and monitor the recipient’s (and any subrecipient’s) compliance with statutes, regulations, and the terms and conditions of federal awards.

---

3 See generally 31 U.S.C. §§ 6301-6305 (defines and describes various forms of federal assistance relationships, including grants and cooperative agreements (a type of grant)).

4 For purposes of this solicitation (or program announcement), “pass-through entity” includes any entity eligible to receive funding as a recipient or subrecipient under this solicitation (or program announcement) that, if funded, may make a subaward(s) to a subrecipient(s) to carry out part of the funded program.
(d) Take prompt action when instances of noncompliance are identified, including noncompliance identified in audit findings.

(e) Take reasonable measures to safeguard protected personally identifiable information and other information the federal awarding agency or pass-through entity designates as sensitive or the recipient (or any subrecipient) considers sensitive consistent with applicable federal, state, local, and tribal laws regarding privacy and obligations of confidentiality.

In order to better understand administrative requirements and cost principles, applicants are encouraged to enroll, at no charge, in the Department of Justice Grants Financial Management Online Training.

**Budget Information**

**Cost Sharing or Matching Requirement**
Federal funds awarded under this program may not cover more than 90 percent of the total costs of the project. Applicants must identify the source of the 10 percent nonfederal portion of the total project costs and how they will use match funds. If a successful applicant’s proposed match exceeds the required match amount, and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit. (Match is restricted to the same uses of funds as allowed for the federal funds.) Applicants may satisfy this match requirement with either cash or in-kind services. The formula for calculating the match is:

\[
\frac{\text{Federal Award Amount}}{\text{Federal Share Percentage}} = \frac{\text{Adjusted (Total) Project Costs}}{\text{Required Recipient's Share Percentage x Adjusted Project Cost}} = \text{Required Match}
\]

**Example:** 90%/10% match requirement: for a federal award amount of $500,000, calculate match as follows:

\[
\frac{\$500,000}{90\%} = \$555,555 \quad 10\% \times \$555,555 = \$55,555 \text{ match}
\]

For additional cost sharing and match information, see the DOJ Financial Guide.

**Preagreement Cost (also known as Preaward Cost) Approvals**
Preagreement costs are costs incurred by the applicant prior to the start date of the period of performance of the grant award.

OJP does not typically approve preagreement costs; an applicant must request and obtain the prior written approval of OJP for all such costs. If approved, preagreement costs could be paid from grant funds consistent with a grantee’s approved budget, and under applicable cost standards. However, all such costs prior to award and prior to approval of the costs are incurred at the sole risk of an applicant. Generally, no applicant should incur project costs before submitting an application requesting federal funding for those costs. Should there be extenuating circumstances that appear to be appropriate for OJP’s consideration as preagreement costs, the applicant should contact the point of contact listed on the title page of this announcement for details on the requirements for submitting a written request for
approval. See the section on Costs Requiring Prior Approval in the Financial Guide, for more information.

Limitation on Use of Award Funds for Employee Compensation; Waiver
With respect to any award of more than $250,000 made under this solicitation, recipients may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the award recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the Federal Government’s Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. The 2016 salary table for SES employees is available at the Office of Personnel Management website. Note: A recipient may compensate an employee at a greater rate, provided the amount in excess of this compensation limitation is paid with nonfederal funds. (Any such additional compensation will not be considered matching funds where match requirements apply.) For employees who charge only a portion of their time to an award, the allowable amount to be charged is equal to the percentage of time worked times the maximum salary limitation.

The Assistant Attorney General for OJP may exercise discretion to waive, on an individual basis, the limitation on compensation rates allowable under an award. An applicant requesting a waiver should include a detailed justification in the budget narrative of the application. Unless applicants submit a waiver request and justification with their applications, they should anticipate that OJP will request that they adjust and resubmit the budget.

The justification should include the particular qualifications and expertise of the individual, the uniqueness of the service the individual will provide, the individual’s specific knowledge of the program or project being undertaken with award funds, and a statement explaining that the individual’s salary is commensurate with the regular and customary rate for an individual with his/her qualifications and expertise, and for the work to be done.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs
OJP strongly encourages applicants that propose to use award funds for any conference-, meeting-, or training-related activity to review carefully—before submitting an application—the OJP policy and guidance on conference approval, planning, and reporting. OJP policy and guidance (1) encourage minimization of conference, meeting, and training costs; (2) require prior written approval (which may affect project timelines) of most conference, meeting, and training costs for cooperative agreement recipients and of some conference, meeting, and training costs for grant recipients; and (3) set cost limits, including a general prohibition of all food and beverage costs.

Costs Associated with Language Assistance (if applicable)
If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. Reasonable steps to provide meaningful access to services or benefits may include interpretation or translation services where appropriate.

For additional information, see the "Civil Rights Compliance" section under “Solicitation Requirements” in the OJP Funding Resource Center.

---

5 OJP does not apply this limitation on the use of award funds to the nonprofit organizations listed at Appendix VIII to 2 C.F.R. Part 200.
C. Eligibility Information

For eligibility information, see the title page.

For additional information on cost sharing or matching requirements, see Section B. Federal Award Information.

Limit on Number of Application Submissions
If an applicant submits multiple versions of the same application, OJJDP will review only the most recent system-validated version submitted. For more information on system-validated versions, see How To Apply.

D. Application and Submission Information

What an Application Should Include

Applicants who fail to submit an application that contains all of the specified elements should expect that doing so may negatively affect the review of their application; and, should OJJDP decide to make an award, it may result in the inclusion of special conditions that preclude the recipient from accessing or using award funds pending satisfaction of the conditions.

Moreover, applicants should anticipate that applications that are determined to be nonresponsive to the scope of the solicitation, or that do not include the application elements that OJJDP has designated to be critical, will neither proceed to peer review nor receive further consideration. Under this solicitation, OJJDP has designated the following application elements as critical: Applicant’s statewide Strategic Plan (the product of the work funded by the Smart on Juvenile Justice: Enhancing Youth Access to Justice Initiative State Planning Grants) along with any related attachments (such as an MOU between stakeholders), Program Narrative, Budget Detail Worksheet, or Budget Narrative. Applicants may combine the Budget Narrative and the Budget Detail Worksheet in one document. However, if an applicant submits only one budget document, it should contain both narrative and detail information. Review the “Note on File Names and File Types” under How To Apply to be sure applications are submitted in permitted formats.

OJP strongly recommends that applicants use appropriately descriptive file names (e.g., “Program Narrative,” “Budget Detail Worksheet and Budget Narrative,” “Timelines,” “Memoranda of Understanding,” “Résumés”) for all attachments. Also, OJP recommends that applicants include résumés in a single file.

1. Information to Complete the Application for Federal Assistance (SF-424)

The SF-424 is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. Grants.gov and the OJP Grants Management System (GMS) take information from the applicant’s profile to populate the fields on this form. When selecting “type of applicant,” if the applicant is a for-profit entity, select “For-Profit Organization” or “Small Business” (as applicable).

Intergovernmental Review. This funding opportunity is subject to Executive Order 12372. Applicants may find the names and addresses of their state’s Single Point of
Contact (SPOC) at the following website: www.whitehouse.gov/omb/grants_s poc . Applicants whose state appears on the SPOC list must contact their state’s SPOC to find out about, and comply with, the state’s process under Executive Order 12372. In completing the SF-424, applicants whose state appears on the SPOC list are to make the appropriate selection in response to question 19 once the applicant has complied with their state’s E.O. 12372 process. (Applicants whose state does not appear on the SPOC list are to make the appropriate selection in response to question 19 to indicate that the “Program is subject to E.O. 12372 but has not been selected by the state for review.”)

2. Project Abstract

Applications should include a high-quality project abstract that summarizes the proposed project in 400 words or less. Project abstracts should be—

- Written for a general public audience.
- Submitted as a separate attachment with “Project Abstract” as part of its file name.
- Single-spaced, using a standard 12-point font (Times New Roman) with 1-inch margins.

The abstract should briefly describe the project’s purpose, the population to be served, and the activities that the applicant will implement to achieve the project’s goals and objectives. The abstract should describe how the applicant will measure progress toward these goals. The abstract should indicate whether the applicant will use any portion of the project budget to conduct research, as described in Note on Project Evaluations on page 15. All project abstracts should follow the detailed template.

As a separate attachment, the project abstract will not count against the page limit for the program narrative.

**Permission to Share Project Abstract with the Public.** It is unlikely that OJJDP will be able to fund all applications submitted under this solicitation, but it may have the opportunity to share information with the public regarding unfunded applications, for example, through a listing on a webpage available to the public. The intent of this public posting would be to allow other possible funders to become aware of such proposals.

In the project abstract template, applicants are asked to indicate whether they give OJP permission to share their project abstract (including contact information) with the public. Granting (or failing to grant) this permission will not affect OJP’s funding decisions, and, if the application is not funded, granting permission will not guarantee that abstract information will be shared, nor will it guarantee funding from any other source.

**Note:** OJP may choose not to list a project that otherwise would have been included in a listing of unfunded applications, should the abstract fail to meet the format and content requirements noted above and outlined in the project abstract template.
3. **Program Narrative**

Applicants must submit a program narrative that presents a detailed description of the purpose, goals, objectives, strategies, design, and management of the proposed program. The program narrative should be double-spaced with 1-inch margins, not exceeding 30 pages of 8½ by 11 inches, and use a standard 12-point font, preferably Times New Roman. Pages should be numbered “1 of 30,” etc. The tables, charts, pictures, etc., including all captions, legends, keys, subtext, etc., may be single-spaced and will count in the 30-page limit. Material required under the Budget and Budget Narrative and Additional Attachments sections will not count toward the program narrative page count. Applicants may provide bibliographical references as a separate attachment that will not count toward the 30-page program narrative limit. If the program narrative fails to comply with these length-related restrictions, OJJDP may consider such noncompliance in peer review and in final award decisions.

The program narrative should address the following selection criteria: (1) statement of the problem; (2) goals, objectives, and performance measures; (3) program design and implementation; and (4) capabilities/competencies. The applicant should clearly delineate the connections between and among each of these sections. For example, the applicant should derive the goals and objectives directly from the problems to be addressed. Similarly, the project design section should clearly explain how the program’s structure and activities will accomplish the goals and objectives identified in the previous section.

The following sections should be included as part of the program narrative:

**a. Statement of the Problem.** Applicants should briefly describe the nature and scope of the problem that the program will address (e.g., juvenile access to legal services, reduction in out-of-home placements, etc.). The applicant should use data to provide evidence that the problem exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community. Applicants should describe the target population and any previous or current attempts to address the problem. Applicants should describe any research or evaluation studies that relate to the problem and contribute to their understanding of its causes and potential solutions. While OJJDP expects applicants to review the research literature for relevant studies, they should also explore whether unpublished local sources of research or evaluation data are available.

**b. Goals, Objectives, and Performance Measures.** Applicants should describe the goals of the proposed program and identify its objectives. When formulating the program’s goals and objectives, applicants should be cognizant of the performance measures that OJJDP will require successful applicants to provide.

**Goals.** Applicants should describe the program’s intent to change, reduce, or eliminate the problem noted in the previous section and outline the project’s goals.

**Program Objectives.** Applicants should explain how the program will accomplish its goals. Objectives are specific, quantifiable statements of the project’s desired results. They should be clearly linked to the problem identified in the preceding section and
measurable. (Examples of measurable objectives include the following: to provide training on trauma-informed care to 100 staff members, to increase the percentage of youth who have access to legal services at preadjudication hearings).

**Performance Measures.** To demonstrate program progress and success, as well as, to assist the Department with fulfilling its responsibilities under the Government Performance and Results Act of 1993 (GPRA), Public Law 103-62, and the GPRA Modernization Act of 2010, Public Law 111–352, applicants that receive funding under this solicitation must provide data that measure the results of their work done under this solicitation. OJP will require any award recipient, post award, to provide the data requested in the “Data Grantee Provides” column so that OJP can calculate values for the “Performance Measures” column. OJJDP will require award recipients to submit semiannual performance metrics of relevant data through the [Data Reporting Tool](#). Performance measures for this solicitation are as follows:

Number of planning bodies or inter-agency coordinating groups established during the reporting period.

OJJDP does not require applicants to submit performance measures data with their application. Performance measures are included as an alert that OJJDP will require successful applicants to submit specific data as part of their reporting requirements. For the application, applicants should indicate an understanding of these requirements and discuss how they will gather the required data, should they receive funding.

OJJDP encourages award recipients to use information from existing program records to fulfill performance measures reporting requirements rather than initiating new data collection activities for this purpose.

**Note on Project Evaluations**

Applicants that propose to use funds awarded through this solicitation to conduct project evaluations should be aware that certain evaluations (such as systematic investigations to develop or contribute to generalizable knowledge) may constitute research for purposes of applicable DOJ human subjects protection regulations. However, project evaluations to generate internal improvements to a program or service or to meet OJP’s performance measure data reporting requirements likely do not constitute research. Applicants should provide sufficient information for OJP to determine whether the particular project they propose would either intentionally or
unintentionally collect and/or use information in such a way that it meets the DOJ regulatory definition of research.

Research, for the purposes of human subjects protections for OJP-funded programs, is defined as, “a systematic investigation, including research development, testing, and evaluation, designed to develop or contribute to generalizable knowledge” [28 C.F.R. § 46.102(d)]. For additional information on determining whether a proposed activity would constitute research, see the decision tree to assist applicants on the “Research and the Protection of Human Subjects” section of the OJP Funding Resource Center webpage. Applicants whose proposals may involve a research or statistical component also should review the “Data Privacy and Confidentiality Requirements” section on that webpage.

c. Project Design and Implementation. Applicants should detail how the project will operate throughout the funding period and describe the strategies that they will use to achieve the goals and objectives identified in the previous section. Applicants should describe how they will complete the deliverables stated in the Goals, Objectives, and Deliverables section on page 5. OJJDP encourages applicants to select evidence-based practices for their programs.

This section should also include details regarding any leveraged resources (cash or in-kind) from local sources to support the project and discuss plans for sustainability beyond the grant period.

Logic Model. Applicants should include a logic model that graphically illustrates how the performance measures are related to the project’s problems, goals, objectives, and design. See sample logic models here. Applicants should submit the logic model as a separate attachment, as stipulated in Additional Attachments, page 19.

Timeline. Applicants should submit a realistic timeline or milestone chart that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using “Year 1,” “Month 1,” “Quarter 1,” etc., not calendar dates (see “Sample Project Timelines” here.).

Applicants should submit the timeline as a separate attachment, as stipulated in Additional Attachments, page 19. On receipt of an award, the recipient may revise the timeline, based on training and technical assistance that OJJDP will provide.

d. Capabilities and Competencies. This section should describe the experience and capability of the applicant organization and any contractors or subgrantees that the applicant will use to implement and manage this effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude. Applicants should highlight their experience/capability/capacity to manage subawards, including details on their system for fiscal accountability. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program’s organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the
organization manages subawards, if there are any; and the management of the project proposed for funding.

**Letters of Support/Memoranda of Understanding.** If submitting a joint application, as described under Eligibility, page 1, applicants should provide signed and dated letters of support or memoranda of understanding for all key partners that include the following:

- Expression of support for the program and a statement of willingness to participate and collaborate with it.
- Description of the partner’s current role and responsibilities in the planning process and expected responsibilities when the program is operational.
- Estimate of the percentage of time that the partner will devote to the planning and operation of the project.

Letters of support may be addressed to OJJDP Administrator Robert L. Listenbee.

e. **Other.** Applicant must submit an approved copy of their statewide strategic plan developed during the planning phase funded by the Smart on Juvenile Justice: Enhancing Youth to Access Justice: Category 1 State Reform Planning Grants, including any related attachments (such as a memorandum of understanding).

4. **Budget Detail Worksheet and Budget Narrative**

Applicants should provide a budget that (1) is complete, allowable, and cost-effective in relation to the proposed activities; (2) shows the cost calculations demonstrating how they arrived at the total amount requested; and (3) provides a brief supporting narrative to link costs with project activities. The budget should cover the entire award period.

For questions pertaining to budget and examples of allowable and unallowable costs, see the [DOJ Financial Guide](#).

a. **Budget Detail Worksheet.** A sample Budget Detail Worksheet is posted on the OJP website. Applicants that submit their budget in a different format should include the budget categories listed in the sample budget worksheet. The Budget Detail Worksheet should be broken down by year.

b. **Budget Narrative.** The budget narrative should thoroughly and clearly describe every category of expense listed in the Budget Detail Worksheet. OJP expects proposed budgets to be complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities).

Applicants should demonstrate in their budget narratives how they will maximize cost effectiveness of grant expenditures. Budget narratives should generally describe cost effectiveness in relation to potential alternatives and the goals of the project. For example, a budget narrative should detail why planned in-person meetings are necessary, or how technology and collaboration with outside organizations could be
used to reduce costs, without compromising quality.

The narrative should be mathematically sound and correspond with the information and figures provided in the Budget Detail Worksheet. The narrative should explain how the applicant estimated and calculated all costs, and how they are relevant to the completion of the proposed project. The narrative may include tables for clarification purposes but need not be in a spreadsheet format. As with the Budget Detail Worksheet, the Budget Narrative should be broken down by year.

c. **Noncompetitive Procurement Contracts In Excess of Simplified Acquisition Threshold.** If an applicant proposes to make one or more noncompetitive procurements of products or services, where the noncompetitive procurement will exceed the simplified acquisition threshold (also known as the small purchase threshold), which is currently set at $150,000, the application should address the considerations outlined in the Financial Guide.

d. **Preagreement Cost Approvals.** For information on preagreement costs, see Section B. Federal Award Information.

5. **Indirect Cost Rate Agreement (if applicable)**

Indirect costs are allowed only under the following circumstances:

a. The applicant has a current, federally approved indirect cost rate; or

b. The applicant is eligible to use and elects to use the *de minimis* indirect cost rate described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.414(f).

Attach a copy of the federally approved indirect cost rate agreement to the application. Applicants that do not have an approved rate may request one through their cognizant federal agency, which will review all documentation and approve a rate for the applicant organization, or, if the applicant’s accounting system permits, costs may be allocated in the direct cost categories. For the definition of Cognizant Federal Agency, see the “Glossary of Terms” in the Financial Guide. For assistance with identifying your cognizant agency, contact the Customer Service Center at 1-800-458-0786 or at ask_ocfo@usdoj.gov. If DOJ is the cognizant federal agency, applicants may obtain information needed to submit an indirect cost rate proposal at http://www.ojp.gov/funding/Apply/Resources/IndirectCosts.pdf.

In order to use the *de minimis* indirect rate, attach written documentation to the application that advises OJP of both the applicant’s eligibility (to use the *de minimis* rate) and its election. If the applicant elects the *de minimis* method, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. In addition, if this method is chosen then it must be used consistently for all federal awards until such time as you choose to negotiate a federally approved indirect cost rate.⁶

6. Applicant Disclosure of High Risk Status

Applicants are to disclose whether they are currently designated high risk by another federal grant making agency. This includes any status requiring additional oversight by the federal agency due to past programmatic or financial concerns. If an applicant is designated high risk by another federal grant making agency, you must email the following information to OJPComplianceReporting@usdoj.gov at the time of application submission:

- The federal agency that currently designates the applicant as high risk.
- Date the applicant was designated high risk.
- The high-risk point of contact name, phone number, and email address, from that federal agency.
- Reasons for the high-risk status.

OJP seeks this information to ensure appropriate federal oversight of any grant award. Disclosing this high risk information does not disqualify any organization from receiving an OJP award. However, additional grant oversight may be included, if necessary, in award documentation.

7. Additional Attachments

Applicants should submit the following information, as stipulated in the cited pages, as attachments to their applications. While the materials listed below are not assigned specific point values, peer reviewers will, as appropriate, consider these items when rating applications. For example, reviewers will consider résumés and/or letters of support/memoranda of understanding when assessing “capabilities/competencies.” Peer reviewers will not consider any additional information that the applicant submits other than that specified below.

a. Applicant Disclosure of Pending Applications. Applicants are to disclose whether they have pending applications for federally funded grants or subgrants (including cooperative agreements) that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the budget narrative and worksheet in the application under this solicitation. The disclosure should include both direct applications for federal funding (e.g., applications to federal agencies) and indirect applications for such funding (e.g., applications to state agencies that will subaward federal funds).

OJP seeks this information to help avoid any inappropriate duplication of funding. Leveraging multiple funding sources in a complementary manner to implement comprehensive programs or projects is encouraged and is not seen as inappropriate duplication.

Applicants that have pending applications as described above are to provide the following information about pending applications submitted within the last 12 months:
- The federal or state funding agency.
- The solicitation name/project name.
- The point of contact information at the applicable funding agency.

<table>

</table>

Applicants should include the table as a separate attachment to their application. The file should be named “Disclosure of Pending Applications.”

Applicants that do not have pending applications as described above are to include a statement to this effect in the separate attachment page (e.g., “[Applicant Name on SF-424] does not have pending applications submitted within the last 12 months for federally funded grants or subgrants (including cooperative agreements) that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the budget narrative and worksheet in the application under this solicitation.”).

b. **Research and Evaluation Independence and Integrity.** If a proposal involves research and/or evaluation, regardless of the proposal’s other merits, in order to receive funds, the applicant must demonstrate research/evaluation independence, including appropriate safeguards to ensure research/evaluation objectivity and integrity, both in this proposal and as it may relate to the applicant’s other current or prior related projects. This documentation may be included as an attachment to the application which addresses BOTH i. and ii. below.

i. For purposes of this solicitation, applicants must document research and evaluation independence and integrity by including, at a minimum, one of the following two items:

(a) A specific assurance that the applicant has reviewed its proposal to identify any research integrity issues (including all principal investigators and subrecipients) and it has concluded that the design, conduct, or reporting of research and evaluation funded by OJJDP grants, cooperative agreements, or contracts will not be biased by any personal or financial conflict of interest on the part of part of its staff, consultants, and/or subrecipients responsible for the research and evaluation or on the part of the applicant organization;

OR

(b) A specific listing of actual or perceived conflicts of interest that the applicant has identified in relation to this proposal. These conflicts could be either
personal (related to specific staff, consultants, and/or subrecipients) or organizational (related to the applicant or any subgrantee organization). Examples of potential investigator (or other personal) conflict situations may include, but are not limited to, those in which an investigator would be in a position to evaluate a spouse’s work product (actual conflict), or an investigator would be in a position to evaluate the work of a former or current colleague (potential apparent conflict). With regard to potential organizational conflicts of interest, as one example, generally an organization could not be given a grant to evaluate a project if that organization had itself provided substantial prior technical assistance to that specific project or a location implementing the project (whether funded by OJP or other sources), as the organization in such an instance would appear to be evaluating the effectiveness of its own prior work. The key is whether a reasonable person understanding all of the facts would be able to have confidence that the results of any research or evaluation project are objective and reliable. Any outside personal or financial interest that casts doubt on that objectivity and reliability of an evaluation or research product is a problem and must be disclosed.

ii. In addition, for purposes of this solicitation applicants must address the issue of possible mitigation of research integrity concerns by including, at a minimum, one of the following two items:

(a) If an applicant reasonably believes that no potential personal or organizational conflicts of interest exist, then the applicant should provide a brief narrative explanation of how and why it reached that conclusion. Applicants MUST also include an explanation of the specific processes and procedures that the applicant will put in place to identify and eliminate (or, at the very least, mitigate) potential personal or financial conflicts of interest on the part of its staff, consultants, and/or subrecipients for this particular project, should that be necessary during the grant period. Documentation that may be helpful in this regard could include organizational codes of ethics/conduct or policies regarding organizational, personal, and financial conflicts of interest.

OR

(b) If the applicant has identified specific personal or organizational conflicts of interest in its proposal during this review, the applicant must propose a specific and robust mitigation plan to address conflicts noted above. At a minimum, the plan must include specific processes and procedures that the applicant will put in place to eliminate (or, at the very least, mitigate) potential personal or financial conflicts of interest on the part of its staff, consultants, and/or subrecipients for this particular project, should that be necessary during the grant period. Documentation that may be helpful in this regard could include organizational codes of ethics/conduct or policies regarding organizational, personal, and financial conflicts of interest. There is no guarantee that the plan, if any, will be accepted as proposed.

Considerations in assessing research and evaluation independence and integrity will include, but are not be limited to, the adequacy of the applicant’s efforts to identify factors that could affect the objectivity or integrity of the proposed staff and/or the
organization in carrying out the research, development, or evaluation activity; and the adequacy of the applicant’s existing or proposed remedies to control any such factors.

c. Logic model (see page 16).

d. Timeline or milestone chart (see page 16).

e. Résumés of all key personnel.

f. Job descriptions outlining roles and responsibilities for all key positions.

g. Letters of support/memoranda of understanding from partner organizations (see page 17).

h. Evidence of nonprofit status, e.g., a copy of the tax exemption letter from the Internal Revenue Service, if applicable, or such documentation as described at 28 C.F.R. §38.5(g).

i. Evidence of for-profit status, e.g., a copy of the articles of incorporation, if applicable.

8. Financial Management and System of Internal Controls Questionnaire

In accordance with the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.205, federal agencies must have in place a framework to evaluate the risks posed by applicants before they receive a federal award. To facilitate part of this risk evaluation, all applicants (other than an individual) are to download, complete, and submit this form.

9. Disclosure of Lobbying Activities

All applicants must complete this information. Applicants that expend any funds for lobbying activities are to provide the detailed information requested on the form Disclosure of Lobbying Activities (SF-LLL). Applicants that do not expend any funds for lobbying activities are to enter “N/A” in the text boxes for item 10 (“a. Name and Address of Lobbying Registrant” and “b. Individuals Performing Services”).

How To Apply

Applicants must submit applications through the Grants Management System (GMS), which provides support for the application, award, and management of awards at OJP. Applicants must register in GMS for each specific funding opportunity. Although the registration and submission deadlines are the same, OJP urges applicants to register promptly, especially if this is their first time using the system. Find complete instructions on how to register and submit an application in GMS at www.ojp.gov/gmscbt/. Applicants that experience technical difficulties during this process should e-mail GMS.HelpDesk@usdoj.gov or call 888-549-9901 (option 3), Monday – Friday from 6:00 a.m. to midnight, ET, except federal holidays. OJP recommends that applicants register promptly to prevent delays in submitting an application package by the deadline.

GMS does not accept executable file types as application attachments. These disallowed file types include, but are not limited to, the following extensions: “.com,” “.bat,”
OJJDP - 2016 - 9172

.exe, .vbs, .cfg, .dat, .db, .dbf, .dll, .ini, .log, .ora, .sys, and .zip. GMS may reject applications with files that use these extensions. It is important to allow time to change the type of file(s) if the application is rejected.

OJP may not make a federal award to an applicant organization until the organization has complied with all applicable DUNS and SAM requirements. The federal awarding agency may determine, if an applicant has not fully complied with the requirements at the time the award is to be made, that the applicant is not qualified to receive the award and may use that determination as a basis to make the award to another applicant.

1. **Acquire a Data Universal Numbering System (DUNS) number.** In general, the Office of Management and Budget requires that all applicants (other than individuals) for federal funds include a DUNS number in their applications for a new award or a supplement to an existing award. A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and differentiating entities receiving federal funds. The identifier is used for tracking purposes and to validate address and point of contact information for federal assistance applicants, recipients, and subrecipients. The DUNS number will be used throughout the grant life cycle. Obtaining a DUNS number is a free, one-time activity. Call Dun and Bradstreet at 866–705–5711 to obtain a DUNS number or apply online. A DUNS number is usually received within 1-2 business days.

2. **Acquire registration with the System for Award Management (SAM).** SAM is the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. OJP requires all applicants (other than individuals) for federal financial assistance to maintain current registrations in the SAM database. Applicants must be registered in SAM to successfully register in Grants.gov. Applicants must update or renew their SAM registration annually to maintain an active status. SAM registration and renewal can take as long as 10 business days to complete. Information about SAM registration procedures can be accessed at www.sam.gov.

3. **Acquire a GMS username and password.** New users must create a GMS profile by selecting the “First Time User” link under the sign-in box of the GMS home page. For more information on how to register in GMS, go to www.ojp.gov/gmscbt.

4. **Search for the funding opportunity on GMS.** After logging into GMS or completing the GMS profile for username and password, go to the “Funding Opportunities” link on the left side of the page. Select OJJDP and the OJJDP-2016-9172.

5. **Register by selecting the “Apply Online” button associated with the funding opportunity title.** The search results from step 5 will display the funding opportunity title along with the registration and application deadlines for this funding opportunity. Select the “Apply Online” button in the “Action” column to register for this funding opportunity and create an application in the system.

6. **Follow the directions in GMS to submit an application consistent with this solicitation.** Once submitted, GMS will display a confirmation screen stating the
Submission was successful. **Important:** In some instances, applicants must wait for GMS approval before submitting an application. OJP urges applicants to submit the application **at least 72 hours prior** to the application due date.

**Note: Duplicate Applications.** If an applicant submits multiple versions of the same application, OJJDP will review only the most recent system-validated version submitted. See Note on File Names and File Types under **How To Apply.**

**Experiencing Unforeseen GMS Technical Issues**

Applicants that experience unforeseen GMS technical issues beyond their control that prevent them from submitting their application by the deadline must contact the GMS Help Desk or the SAM Help Desk (Federal Service Desk) to report the technical issue and receive a tracking number. Then the applicant must e-mail Nicole Dennis at Nicole.Dennis@usdoj.gov **within 24 hours after the application deadline** and request approval to submit their application. The e-mail must describe the technical difficulties and include a timeline of the applicant’s submission efforts, the complete grant application, the applicant’s DUNS number, and any GMS Help Desk or SAM tracking number(s). Note: **OJJDP does not approve requests automatically.** After the program office reviews the submission and contacts the GMS Help Desk to validate the reported technical issues, OJP will inform the applicant whether the request to submit a late application has been approved or denied. If OJP determines that the applicant failed to follow all required procedures, which resulted in an untimely application submission, OJP will deny the applicant’s request to submit their application.

The following conditions are generally insufficient to justify late submissions:

- Failure to register in SAM or GMS in sufficient time. (SAM registration and renewal can take as long as 10 business days to complete.)
- Failure to follow GMS instructions on how to register and apply as posted on its website.
- Failure to follow each instruction in the OJP solicitation.
- Technical issues with the applicant’s computer or information technology environment, including firewalls.

**E. Application Review Information**

**Selection Criteria**

OJJDP will use the following five selection criteria to evaluate each application, with the different weight given to each based on the percentage value listed after each individual criteria. For example, the first criteria, Statement of the Problem, is worth 20 percent of the entire score in the application review process.

1. Statement of the Problem (20 percent).
2. Project Design and Implementation (40 percent).
3. Capabilities and Competencies (20 percent).

4. Plan for Collecting the Data Required for this Solicitation’s Performance Measures (10 percent).

5. Budget: complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities). Budget narratives should generally demonstrate how applicants will maximize cost effectiveness of grant expenditures. Budget narratives should demonstrate cost effectiveness in relation to potential alternatives and the goals of the project. (10 percent).

Review Process

OJP is committed to ensuring a fair and open process for awarding grants. OJJDP reviews the application to make sure that the information presented is reasonable, understandable, measurable, and achievable, as well as consistent with the solicitation.

Peer reviewers will review the applications submitted under this solicitation that meet basic minimum requirements. For purposes of assessing whether applicants have met basic minimum requirements, OJP screens applications for compliance with specified program requirements to help determine which applications should proceed to further consideration for award. Although program requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP grant programs:

- Applications must be submitted by an eligible type of applicant.
- Applications must request funding within programmatic funding constraints (if applicable).
- Applications must be responsive to the scope of the solicitation.
- Applications must include all items designated as critical elements.
- Applicants will be checked against the System for Award Management.

For a list of critical elements, see “What an Application Should Include” under Section D. Application and Submission Information.

OJJDP may use internal peer reviewers, external peer reviewers, or a combination, to assess applications meeting basic minimum requirements on technical merit using the solicitation’s selection criteria. An external peer reviewer is an expert in the subject matter of a given solicitation who is not a current DOJ employee. An internal reviewer is a current DOJ employee who is well-versed or has expertise in the subject matter of this solicitation. A peer review panel will evaluate, score, and rate applications that meet basic minimum requirements. Peer reviewers’ ratings and any resulting recommendations are advisory only, although their views are considered carefully. In addition to peer review ratings, considerations for award recommendations and decisions may include, but are not limited

---

7 Generally speaking, a reasonable cost is a cost that, in its nature or amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.
to, underserved populations, geographic diversity, strategic priorities, past performance under prior OJJDP and OJP awards, and available funding.

OJP reviews applications for potential discretionary awards to evaluate the risks posed by applicants before they receive an award. This review may include but is not limited to the following:

1. Financial stability and fiscal integrity.
2. Quality of management systems and ability to meet the management standards prescribed in the Financial Guide.
4. Reports and findings from audits.
5. The applicant's ability to effectively implement statutory, regulatory, or other requirements imposed on award recipients.
6. Proposed costs to determine if the Budget Detail Worksheet and Budget Narrative accurately explain project costs, and whether those costs are reasonable, necessary, and allowable under applicable federal cost principles and agency regulations.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider factors including, but not limited to, peer review ratings, underserved populations, geographic diversity, strategic priorities, past performance under prior OJJDP and OJP awards, and available funding when making awards. It is anticipated that awards will be made no later than September 30, 2016.

F. Federal Award Administration Information

Federal Award Notices

OJP sends award notification by email through GMS to the individuals listed in the application as the point of contact and the authorizing official. The email notification includes detailed instructions on how to access and view the award documents and how to accept the award in GMS. GMS automatically issues the notifications at 9 p.m. ET on the award date (by September 30, 2016). Recipients must log in; accept any outstanding assurances and certifications on the award; designate a financial point of contact; and review, sign, and accept the award. The award acceptance process requires the authorized representative to physically sign the award document and to scan and send the fully executed award document to OJP.

Administrative, National Policy, and other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the agency-approved project proposal and budget, the recipient must comply with award terms and conditions and other legal requirements, including but not limited to OMB, DOJ, or other federal regulations that will be included in the award, incorporated into the award by
reference, or are otherwise applicable to the award. OJP strongly encourages prospective applicants to review the information pertaining to these requirements prior to submitting an application. To assist applicants and recipients in accessing and reviewing this information, OJP has placed pertinent information on its Solicitation Requirements page of the OJP Funding Resource Center.

Please note in particular the following two forms, which applicants must accept in GMS prior to receiving any award funds. The applicant must provide specific assurances and certifications of compliance to legal requirements detailed in each document. Applicants may view these forms in the Apply section of the OJP Funding Resource Center, and OJP strongly encourages applicants to review and consider them carefully prior to applying for OJP grant funds.

- **Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements**
- **Standard Assurances**

Upon grant approval, OJP electronically transmits (via GMS) the award document to the prospective award recipient. In addition to other award information, the award document contains award terms and conditions that specify national policy requirements with which recipients of federal funding must comply; uniform administrative requirements, cost principles, and audit requirements; and program-specific terms and conditions required based on applicable program (statutory) authority or requirements set forth in OJP solicitations and program announcements, and other requirements that may be attached to appropriated funding. For example, certain efforts may call for special requirements, terms, or conditions relating to intellectual property, data/information-sharing or -access, or information security; or audit requirements, expenditures and milestones, or publications and/or press releases. OJP also may place additional terms and conditions on an award based on its risk assessment of the applicant, or for other reasons it determines necessary to fulfill the goals and objectives of the program.

Prospective applicants may access and review the text of mandatory conditions OJP includes in all OJP awards, as well as the text of certain other conditions, such as administrative conditions, via Mandatory Award Terms and Conditions page of the OJP Funding Resource Center.

**General Information about Post-Federal Award Reporting Requirements**

Recipients must submit quarterly financial reports, semi-annual progress reports, final financial and progress reports, and, if applicable, an annual audit report in accordance with the Part 200 Uniform Requirements. Future awards and fund drawdowns may be withheld if reports are delinquent.

OJP may require special reporting requirements, depending on the statutory, legislative, or administrative obligations of the recipient or the program.

H. Other Information

Provide Feedback to OJP

To assist OJP in improving its application and award processes, we encourage applicants to provide feedback on this solicitation, the application submission process, and/or the application review/peer review process. Provide feedback to OJPSolicitationFeedback@usdoj.gov.

IMPORTANT: This email is for feedback and suggestions only. Replies are not sent from this mailbox. If you have specific questions on any program or technical aspect of the solicitation, you must directly contact the appropriate number or email listed on the front of this solicitation document. These contacts are provided to help ensure that you can directly reach an individual who can address your specific questions in a timely manner.

If you are interested in being a reviewer for other OJP grant applications, email your résumé to ojppeerreview@lmsolas.com. The OJP Solicitation Feedback email account will not forward your résumé. Note: Neither you nor anyone else from your organization can be a peer reviewer in a competition in which you or your organization have submitted an application.
Application Checklist

OJJDP FY 2016 Smart on Juvenile Justice: Enhancing Youth Access to Justice State Reform Implementation Program

This application checklist has been created to assist in developing an application.

What an Applicant Should Do:

Prior to Registering in GMS:
_____ Acquire a DUNS Number (see page 23)
_____ Acquire or renew registration with SAM (see page 23)

To Register in GMS:
_____ For new users, acquire a GMS username and password * (see page 23)
_____ For existing users, check GMS username/password to ensure account access*
_____ Verify SAM registration in GMS (see page 23)
_____ Search for and select correct Funding Opportunity in GMS (see page 24)
_____ Register by selecting the “Apply Online” button associated with the funding opportunity title. (See page 24)
_____ Read OJP policy and guidance on conference approval, planning, and reporting available at ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.10a.htm (see page 9)
_____ Select the “Apply Online” button associated to register by (see page 23)
_____ Submit the application based on the directions in GMS (see page 23)
_____ Contact OJJDP regarding experiencing technical difficulties (see page 24)

*Password Reset Notice: GMS users are reminded that while password reset capabilities exist, this function is only associated with points of contact designated within GMS at the time the account was established. Neither OJP nor the GMS Help Desk will initiate a password reset unless the authorized official or a designated point of contact associated with an award or application requests it.

General Requirements:
_____ Review the Solicitation Requirements in the OJP Funding Resource Center.

Scope Requirement:
_____ The federal amount requested is within the allowable limit(s) of $750,000.

Eligibility Requirement:
_____ State recipient of FY 2015 Enhancing Youth Access to Justice Initiative: Category 1 State Reform Planning Grant.
_____ Applicants must have already developed and submitted a statewide plan as an attachment to their application.

What an Application Should Include:
_____ Application for Federal Assistance (SF-424) (see page 10)
_____ Intergovernmental Review (see page 10)
Project Abstract (see page 11)
Program Narrative (see page 12)
Budget Detail Worksheet and Narrative (see page 17)
Indirect Cost Rate Agreement (if applicable) (see page 18)
Applicant Disclosure of High Risk Status (see page 19)
