# OJJDP FY 2011 Internet Crimes Against Children Task Force Program: Missouri (CFDA #16.543)

## Overview

Pursuant to the PROTECT Our Children Act of 2008 (Public Law 110-401, hereafter, the PROTECT Act), the Internet Crimes Against Children (ICAC) Task Force Program seeks to maintain and expand state and regional ICAC task forces to address technology-facilitated child exploitation. These task forces work collaboratively as a national network of law enforcement and prosecutorial agencies that prevent, interdict in, and investigate Internet crimes against children. The program requires existing task forces to develop multi-jurisdictional, multi-agency responses to such offenses by providing funding and other support to state and local law enforcement agencies as a means to help them acquire the necessary knowledge, personnel, and equipment. The OJJDP FY 2011 ICAC Task Force Program: Missouri is expected to be authorized by an Act appropriating funds for the Department of Justice.

## Deadlines: Registration and Application

Registration with [Grants.gov](http://Grants.gov) is required prior to application submission. OJJDP encourages applicants to register several weeks before the application deadline of 11:59 p.m., Eastern Time, on June 15, 2011. See "How To Apply," page 9, for details.

## Eligibility

Applicants are limited to state and local law enforcement and prosecutorial agencies within the federal judicial districts of Missouri. OJJDP will not accept applications from applicants whose jurisdiction is not within the boundaries of these federal judicial districts.

OJJDP welcomes joint applications from two or more eligible applicants; however, one applicant must be clearly indicated as the primary applicant (for correspondence, award, and management purposes) and the others indicated as co-applicants.

## Program-Specific Information

### Purpose

The ICAC Task Force Program supports a national network of 61 multi-agency, multi-jurisdictional task forces engaged in investigations, forensic examinations, and prosecutions related to Internet crimes against children. Additionally, the task forces provide forensic and investigative technical assistance to law enforcement and prosecutorial officials, as well as community education information to parents, educators, prosecutors, law enforcement, and others concerned with child victimization.

As provided for in Section 103 of the PROTECT Act, ICAC task forces shall be dedicated to the following:

- increasing the investigative capabilities of state and local law enforcement officers in the detection and investigation of Internet crimes against children offenses, including technology-facilitated child exploitation offenses, and the apprehension of offenders.
- conducting proactive and reactive investigations.
- providing training and technical assistance to ICAC task forces and other federal, state, and local law enforcement agencies in the areas of investigations, forensics, prosecution, community outreach, and capacity-building, using recognized experts to assist in the development and delivery of training programs.
- increasing the number of Internet crimes against children offenses being investigated and prosecuted in both federal and state courts.
- creating a multi-agency task force response to Internet crimes against children offenses within each state.
- participating in the Department of Justice's Project Safe Childhood initiative, the purpose of which is to combat technology-facilitated sexual exploitation crimes against children.
- enhancing nationwide responses to Internet crimes against children offenses, including assisting other ICAC task forces, as well as other federal, state, and local agencies with investigations and prosecutions.
- developing and delivering public awareness and prevention programs.
- participating in such other activities, both proactive and reactive, that will enhance investigations and prosecutions of Internet crimes against children.

### **Goals, Objectives, and Deliverables**

Applicants must explain how they will help state and local law enforcement agencies improve effectiveness and achieve sustainability in responding to online child victimization and child pornography. Specifically, applicants must explain how they will address the following goals and objectives:

- maintaining and expanding state and regional ICAC task forces to prevent, interdict, investigate, and prosecute technology-facilitated child exploitation.
- improving task force effectiveness to prevent, interdict, investigate, and prosecute technology-facilitated child exploitation.

Applicants must further explain how they will address the following functions as stipulated in Section 104 of the PROTECT Act:

- working consistently to achieve the purposes described in Section 103 of the PROTECT Act.
- engaging in proactive investigations, forensic examinations, and effective prosecutions of Internet crimes against children.

- providing forensic, preventive, and investigative assistance to parents, educators, prosecutors, law enforcement, and others concerned with Internet crimes against children.
- developing multi-jurisdictional, multi-agency partnerships and responses to Internet crimes against children offenses through ongoing informational, administrative, and technological support to other state and local law enforcement agencies so that they can acquire the knowledge, personnel, and specialized equipment to investigate and prosecute such offenses.
- participating in nationally coordinated investigations that the Attorney General determines are necessary, as available resources permit.
- establishing, adopting, and complying with investigative and prosecution standards, consistent with established norms.
- investigating tips related to Internet crimes against children, as appropriate, including tips from Operation Fairplay, the National Internet Crimes Against Children Data System (to be established in accordance with Section 105 of the PROTECT Act), the National Center for Missing & Exploited Children's CyberTipline, other ICAC task forces, and other federal, state, and local agencies. Task forces should give priority to investigative leads that hold out the possibility of identifying or rescuing child victims or leads that point to a serious offense or danger to the community.
- developing procedures for handling seized evidence.
- maintaining reports and records as the Attorney General or OJJDP require.
- complying with national standards regarding the investigation and prosecution of Internet crimes against children, as set forth by the Attorney General, to the extent they are consistent with the law of the state where the task force is located.

### **Amount and Length of Awards**

OJJDP will make one award for as much as \$335,000 for a 12-month project period to begin October 1, 2011. This amount is for the entire award period. OJJDP funding is based on a formula that considers the factors set forth in Section 106(a)(2)(B)(ii)(I-VI) of the PROTECT Act.

All awards are subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law.

OJJDP will enter into a cooperative agreement with the successful applicant. In furtherance of the goals and objectives described above, OJJDP's role may include, but not be limited to, the following tasks:

- reviewing and approving major work plans, including changes to such plans, and key decisions pertaining to project operations
- reviewing and approving major project-generated documents and materials used in the provision of project services

- providing guidance in significant project planning meetings and participating in project-sponsored training events or conferences.

**Budget Information**

**Limitation on Use of Award Funds for Employee Compensation; Waiver:** With respect to any award of more than \$250,000 made under this solicitation, federal funds may not be used to pay total cash compensation (salary plus bonuses) to any employee of the award recipient at a rate that exceeds 110% of the maximum annual salary payable to a member of the federal government’s Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. (The 2011 salary table for SES employees is available at [www.opm.gov/oca/11tables/indexSES.asp](http://www.opm.gov/oca/11tables/indexSES.asp).) Note: A recipient may compensate an employee at a higher rate, provided the amount in excess of this compensation limitation is paid with non-federal funds. (Any such additional compensation will not be considered matching funds where match requirements apply.)

The limitation on compensation rates allowable under an award may be waived on an individual basis at the discretion of the Assistant Attorney General (AAG) for OJP. An applicant that wishes to request a waiver must include a detailed justification in the budget narrative of its application. Unless the applicant submits a waiver request and justification with the application, the applicant should anticipate that OJP will request the applicant to adjust and resubmit its budget.

**Match Requirement.** Match is not required for this program.

**Performance Measures**

To assist the Department in fulfilling its responsibilities under the Government Performance and Results Act (GPRA), Public Law 103-62, applicants that receive funding under this solicitation must provide data that measure the results of their work. Any award recipient will be required, post award, to provide the data requested in the “Data Grantee Provides” column so that OJP can calculate values for the “Performance Measures” column. Performance measures for this solicitation are as follows:

Objective	Performance Measure(s)	Data Grantee Provides
Maintain and expand state and regional ICAC task forces to prevent, interdict, investigate, and prosecute Internet crimes against children.	Percentage increase in ICAC-related arrests.	Number of ICAC-related arrests.
Improve task force effectiveness in preventing, interdicting, investigating, and prosecuting Internet crimes against children.	Percentage increase in staff dedicated to investigating and prosecuting Internet crimes against children.	Number of investigators dedicated to investigating Internet crimes against children in the current reporting period.  Total number of investigators dedicated to investigating Internet crimes against children.

		<p>Number of prosecutors dedicated to prosecuting Internet crimes against children in the current reporting period.</p> <p>Total number of prosecutors dedicated to prosecuting Internet crimes against children.</p> <p>Number of education and forensic specialists dedicated to Internet crimes against children in the current reporting period.</p> <p>Total number of education and forensic specialists dedicated to Internet crimes against children.</p> <p>Number of investigations initiated for Internet crimes against children in the current reporting period.</p> <p>Total number of investigations initiated for Internet crimes against children in the prior reporting period.</p> <p>Number of prosecutions for Internet crimes against children in the current reporting period.</p> <p>Total number of prosecutions for Internet crimes against children.</p>
	Percentage increase in computer forensic examinations that ICAC task forces complete.	<p>Total number of computer forensic examinations that IACA task forces have completed.</p> <p>Number of computer forensic examinations that ICAC task forces completed in the reporting period.</p>
	Percentage increase in investigative technical assistance sessions that ICAC task forces provide to nonmember law enforcement agencies.	<p>Number of investigative technical assistance sessions that ICAC task forces provide to nonmember law enforcement agencies in the current reporting period.</p> <p>Total number of investigative technical assistance sessions that ICAC task forces provide to nonmember law enforcement agencies.</p>
	Number of law enforcement agencies that adhere to the ICAC program operational and investigative standards that the task force establishes.	Number of agencies that sign a memorandum certifying compliance with ICAC program standards.

Submission of performance measures data is not required for the application. Instead, applicants should discuss in their application their proposed methods for collecting data for performance measures. Refer to the section “What an Application Is Expected To Include,” page 10, for additional information.

## **Project Evaluations**

Applicants that propose to use funds awarded through this solicitation to conduct project evaluations should be aware that certain project evaluations (such as systematic investigations to develop or contribute to generalizable knowledge) may constitute “research” for purposes of applicable DOJ human subjects protections. However, project evaluations that are intended to generate internal improvements to a program or service or to meet OJP’s performance measure data reporting requirements likely do not constitute “research.” Applicants should provide sufficient information for OJP to determine whether the particular project they propose would either intentionally or unintentionally collect and/or use information in such a way that it meets the DOJ regulatory definition of research.

Research, for the purposes of human subjects protections for OJP-funded programs, is defined as “a systematic investigation, including research development, testing, and evaluation, designed to develop or contribute to generalizable knowledge” (28 C.F.R. § 46.102(d)). For additional information on determining whether a proposed activity would constitute research, see the decision tree on the “Research and the Protection of Human Subjects” section of the OJP “Other Requirements for OJP Applications” Web page ([www.ojp.usdoj.gov/funding/other\\_requirements.htm](http://www.ojp.usdoj.gov/funding/other_requirements.htm)). Applicants whose proposals may involve a research or statistical component also should review “Confidentiality” section on that Web page.

For more information about OJJDP performance measures, see <http://www.ojjdp.ncjrs.gov/grantees/pm/index.html>.

## **Notice of New Post-Award Reporting Requirements**

Applicants should anticipate that all recipients (other than individuals) of awards of \$25,000 or more under this solicitation, consistent with the Federal Funding Accountability and Transparency Act of 2006 (FFATA), will be required to report award information on any first-tier subawards totaling \$25,000 or more, and, in certain cases, to report information on the names and total compensation of the five most highly compensated executives of the recipient and first-tier subrecipients. Each applicant entity must ensure that it has the necessary processes and systems in place to comply with the reporting requirements should it receive funding. Reports regarding subawards will be made through the FFATA Subaward Reporting System (FSRS), found at [www.fsrs.gov](http://www.fsrs.gov).

Please note applicants should anticipate that no subaward of an award made under this solicitation may be made to a subrecipient (other than an individual) unless the potential subrecipient acquires and provides a Data Universal Numbering System (DUNS) number.

## **How To Apply**

Applications should be submitted through [Grants.gov](http://Grants.gov). Complete instructions on how to register and submit an application can be found at [www.grants.gov](http://www.grants.gov). Applicants who experience

difficulties during this process should call the Grants.gov Customer Support Hotline at 1–800–518–4726. Hotline hours of operation are 24 hours, 7 days a week, except federal holidays. Registering with Grants.gov is a one-time process; however, processing delays may occur and it can take several weeks for first-time registrants to receive confirmation and a user password. OJJDP recommends that applicants register as early as possible to avoid delays in submitting their applications by the deadline.

All applicants are required to complete the following steps:

1. **Acquire a DUNS number.** A DUNS number is required for Grants.gov registration. OMB requires that all applicants for federal funds (other than individuals, who are exempt from this requirement) include a DUNS number in their applications for a new award or renewal of an existing award. A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and tracking entities receiving federal funds. The identifier is used to validate address and point of contact information for federal assistance applicants, recipients, and subrecipients. The DUNS number will be used throughout the grant life cycle. Obtaining a DUNS number is a free, one-time activity. Obtain a DUNS number by calling 1–866–705–5711 or by applying online at [www.dnb.com](http://www.dnb.com).
2. **Acquire or Renew Registration with the Central Contractor Registration (CCR) Database.** OJP requires that all applicants (other than individuals) for federal financial assistance maintain current registrations in the Central Contractor Registration (CCR) database. An applicant must be registered in the CCR to successfully register in Grants.gov. The CCR database is the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. Organizations that have previously submitted applications via Grants.gov are already registered with CCR. However, applicants must update or renew their CCR registration annually to maintain an active status. Information about CCR registration procedures can be accessed at [www.ccr.gov](http://www.ccr.gov).
3. **Acquire an Authorized Organization Representative (AOR) and a Grants.gov Username and Password.** Complete the AOR profile on Grants.gov and create a username and password. Applicants must use their organization's DUNS number to complete this step. For more information about the registration process, visit [www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp).
4. **Acquire Confirmation for the AOR from the E-Business Point of Contact (E-Biz POC).** The applicant's E-Biz POC must log into Grants.gov to confirm the organization's AOR. An organization can have more than one AOR.
5. **Search for the Funding Opportunity on Grants.gov.** Use the following identifying information when searching for the funding opportunity on Grants.gov. The Catalog of Federal Domestic Assistance number for this solicitation is 16.543 titled "Missing Children's Assistance," and the funding opportunity number is OJJDP-2011-3027.
6. **Submit an Application Addressing All Solicitation Requirements.** Within 24–48 hours after submitting an electronic application, the applicant should receive an e-mail validation message from Grants.gov. The validation will state whether OJJDP has received and validated the application or rejected it, with an explanation. Important: OJJDP urges applicants to submit their applications at least 72 hours prior to the due date of the application to allow time to receive the validation message and to correct any problems that may have caused a rejection notification.

Grants.gov will forward the application to OJP's Grants Management System (GMS). GMS does not accept executable file types as application attachments. These disallowed file types include, but are not limited to, the following extensions: ".com," ".bat," ".exe," ".vbs," ".cfg," ".dat," ".db," ".dbf," ".dll," ".ini," ".log," ".ora," ".sys," and ".zip."

## **Grants.gov Technical Issues**

Applicants who experience unforeseen Grants.gov technical issues that prevent them from submitting their applications by the deadline must contact OJJDP staff within 24 hours after the deadline and request approval to submit their applications. At that time, OJJDP staff will instruct the applicant to submit specific information detailing the technical difficulties. The applicant must e-mail a description of their technical difficulties, a timeline of submission efforts, their complete grant application, their DUNS number, and Grants.gov Help Desk tracking numbers they have received. After OJJDP reviews the information and contacts the Grants.gov Help Desk to validate the technical issues reported, OJP will contact the applicant to inform them whether their request has been approved or denied. If OJJDP cannot validate the technical issues reported, the Office will reject the application as untimely.

To ensure a fair competition for limited discretionary funds, the following conditions are not valid reasons to permit late submissions: (1) failure to begin the registration process in sufficient time, (2) failure to follow Grants.gov instructions on how to register and apply as posted on its Web site, (3) failure to follow all of the instructions in the OJP solicitation, and (4) technical issues experienced with the applicant's computer or information technology environment.

Notifications regarding known technical problems with Grants.gov, if any, are posted at the top of the OJP funding Web page, [www.ojp.usdoj.gov/funding/solicitations.htm](http://www.ojp.usdoj.gov/funding/solicitations.htm).

## **What an Application Is Expected To Include**

This section describes what an application should include and sets out a number of elements. Applicants should anticipate that if they fail to submit an application that contains all of the specified elements, it may negatively affect the review of their application and, should OJJDP decide to make an award, it may result in OJJDP including special conditions that preclude access to or use of award funds pending satisfaction of the conditions.

Moreover, applicants should anticipate that some application elements are so critical that applications that do not respond to the scope of the solicitation, that do not meet the eligibility requirements, that do not request funding within the funding limit, that do not include a program narrative, budget detail worksheet, or a budget narrative, and résumés of key personnel will neither proceed to peer review nor receive further consideration.

OJP strongly recommends that applicants use appropriately descriptive file names (e.g., "Program Narrative," "Budget Detail Worksheet and Budget Narrative," "Timelines," "Memoranda of Understanding," "Résumés") for all attachments. OJP recommends that applicants include resumes in a single file.

## **Standard Form-424 (SF-424)**

The SF-424 is a standard form required for use as a cover sheet for submission of pre-applications, applications, and related information. Grants.gov and GMS take information from

the applicant's profile to populate the fields on this form. When selecting "type of applicant," if the applicant is a for-profit entity, select "For-Profit Organization" or "Small Business" (as applicable). Instructions on completing the SF-424 are available at [www07.grants.gov/assets/SF424Instructions.pdf](http://www07.grants.gov/assets/SF424Instructions.pdf).

## **Program Narrative**

Applicants must submit a program narrative that presents a detailed description of the purpose, goals, objectives, strategies, design, and management of the proposed program. The program narrative should be double-spaced with 1-inch margins, not exceeding 30 pages of 8½ by 11 inches, and use a standard 12-point font, preferably Times New Roman. Pages should be numbered "1 of 30," etc. The project abstract, tables, charts, pictures, etc., including all captions, legends, keys, subtext, etc., may be single-spaced, and will count in the 30-page limit. Material required under the "Budget and Budget Narrative" and "Other Attachments" sections will not count toward the program narrative page count. If the program narrative fails to comply with these length-related restrictions, noncompliance may be considered in peer review and in final award decisions.

The program narrative should address the following selection criteria: (1) statement of the problem, (2) performance measures requirements, (3) program design and implementation, and (4) capabilities/competencies. The applicant should clearly delineate the connections between and among each of these sections. For example, the applicant should derive the goals and objectives directly from the problems to be addressed. Similarly, the project design section should clearly explain how the program's structure and activities will accomplish the goals and objectives identified in the previous section.

- **Statement of the Problem**

Applicants should briefly describe the nature and scope of the problem that the program will address (e.g., gang activity, underage drinking, drug abuse, truancy, youth employment, school performance, etc.). Data should be used to provide evidence that the problem exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community. Applicants should describe any previous or current attempts to address the problem.

Applicants should describe any research or evaluation studies that relate to the problem and contribute to the applicant's understanding of its causes and potential solutions. While applicants are expected to review the research literature or relevant studies, they should also explore whether unpublished local sources of research or evaluation data are available.

**Project Abstract.** Applicants should include a project abstract as the first page of the program narrative, and it is included in the page limitation specified above. The abstract should not exceed 200 words and briefly describe the project's purpose, identify the population to be served, and summarize the activities that the applicant will implement to achieve the project's goals and objectives. These goals and objectives should focus on short-term and intermediate outcomes (see "Performance Measures Requirements," below). The abstract should describe how the applicant will measure progress toward these goals.

- **Performance Measures Requirements**

Applicants should describe the goals of the proposed program and identify its objectives. When formulating the program's goals and objectives, applicants must be cognizant of the performance measures that will be required of successful applicants.

**Goals.** Applicants should describe the program's intent to change, reduce, or eliminate the problem noted in the previous section and outline the project's goals.

**Program Objectives.** Applicants should explain how the program will accomplish its goals. Objectives are specific, quantifiable statements of the project's desired results. They should be clearly linked to the problem identified in the preceding section and measurable.

**Performance Measures.** Award recipients are required to report data in support of mandated performance measures for this solicitation (see "Performance Measures," page 6.) OJJDP does not require applicants to submit performance measures data with their applications. Applicants must describe the steps they will take to assemble the information needed to comply with OJJDP's performance measures reporting requirements. Award recipients will be encouraged to use information from existing program records to fulfill performance measures reporting requirements, rather than initiating new data collection activities for this purpose. To ensure confidentiality of program records, award recipients will also be required to submit a completed Privacy Certificate pre-award. (See [www.ojjdp.ncjrs.gov/grantees/pm/faq.html](http://www.ojjdp.ncjrs.gov/grantees/pm/faq.html) for more information).

- **Program Design/Implementation**

Applicants should detail how the project will operate throughout the funding period and describe the strategies that they will use to achieve the goals and objectives identified in the previous section. Applicants are encouraged to adopt a project design that will facilitate the gathering of data on the required performance measures.

This section should also include details regarding any leveraged resources (cash or in-kind) from local sources to support the project and discuss plans for sustainability beyond the grant period.

Applicants should identify any other federal, state, or private foundation grants that serve the same local area and target population.

**Timeline.** Applicants should submit a timeline or milestone chart that indicates major tasks, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using "Year 1," "Month 1," "Quarter 1," etc., not calendar dates (see "Sample Project Timelines" at [ojjdp.ncjrs.gov/grantees/timelines.html](http://ojjdp.ncjrs.gov/grantees/timelines.html)). The timeline should be submitted as a separate attachment, as stipulated in "Other Attachments," page 14. On receipt of an award, the timeline may be revised based on training and technical assistance provided by OJJDP.

- **Capabilities/Competencies**

Applicants should describe the roles and responsibilities of project staff and explain the program's organizational structure and operations. Management and staffing patterns should be clearly connected to the project design described in the previous section. This section should

describe the experience and capability of the applicant's organization and any contractors that the applicant will use to implement and manage this effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude.

**Letters of Support/Memoranda of Understanding.** If submitting a joint application, as described under "Eligibility," page 3, applicants must provide signed and dated letters of support or Memoranda of Understanding for all key partners that include the following:

- expression of support for the program and a statement of willingness to participate and collaborate with it
- description of the partner's current role and responsibilities in the planning process and expected responsibilities when the program is operational
- estimate of the percent of time that the partner will devote to the planning and operation of the project.

### **Budget Detail Worksheet and Budget Narrative**

Applicants should provide a budget that (1) is complete, allowable, and cost-effective in relation to the proposed activities; (2) shows the cost calculations demonstrating how they arrived at the total amount requested; and (3) provides a brief supporting narrative to link costs with project activities. The budget should cover the entire award period.

- **Budget Detail Worksheet**

The worksheet should provide the detailed computation for each budget line item, listing the cost of each and showing how the applicant calculated it. For example, costs for personnel should show the annual salary rate and the percentage of time devoted to the project for each employee paid through grant funds. The budget detail worksheet should present a complete and detailed itemization of all proposed costs.

A sample Budget Detail Worksheet can be found at [www.ojp.gov/funding/forms/budget\\_detail.pdf](http://www.ojp.gov/funding/forms/budget_detail.pdf). If the budget is submitted in a different format, the budget categories listed in the sample budget worksheet should be included.

- **Budget Narrative**

The Budget Narrative should thoroughly and clearly describe every category of expense listed in the Budget Detail Worksheet. The narrative should be mathematically sound and correspond with the information and figures provided in the Budget Detail Worksheet. The narrative should explain how all costs were estimated and calculated and how they are relevant to the completion of the proposed project. The narrative may include tables for clarification purposes but need not be in a spreadsheet format. As with the Budget Detail Worksheet, the Budget Narrative should be broken down by year.

For questions pertaining to budget and examples of allowable and unallowable costs, see the OJP Financial at [www.ojp.usdoj.gov/financialguide/index.htm](http://www.ojp.usdoj.gov/financialguide/index.htm).

## Indirect Cost Rate Agreement (if applicable)

Indirect costs are allowed only if the applicant has a federally-approved indirect cost rate. (This requirement does not apply to units of local government.) A copy of the rate approval should be attached. If the applicant does not have an approved rate, one can be requested by contacting the applicant's cognizant federal agency, which will review all documentation and approve a rate for the applicant organization or, if the applicant's accounting system permits, costs may be allocated in the direct cost categories. If DOJ is the cognizant federal agency, obtain information needed to submit an indirect cost rate proposal at [www.ojp.usdoj.gov/financialguide/part3/part3chap17.htm](http://www.ojp.usdoj.gov/financialguide/part3/part3chap17.htm).

## Other Attachments

Applicants should submit the following information, as stipulated in the cited pages, as attachments to their application. While the materials listed below are not assigned specific point values, peer reviewers will, as appropriate, consider these items when rating applications. For example, reviewers will consider résumés when assessing "Capabilities/Competencies." Peer reviewers will not consider any additional information that the applicant submits other than that specified below.

- timeline or milestone chart (see "Timeline," page 12)
- résumés of all key personnel
- job descriptions outlining roles and responsibilities for all key positions.
- letters of support/MOUs from partner organizations (see "Letters of Support/Memoranda of Understanding," page 13).

## Other Standard Forms

Additional forms that may be required in connection with an award are available with their instructions on OJP's funding page at [www.ojp.usdoj.gov/funding/forms.htm](http://www.ojp.usdoj.gov/funding/forms.htm). For successful applicants, receipt of funds may be contingent upon submission of all necessary forms. Note in particular the following forms:

- [Accounting System and Financial Capability Questionnaire](#) (required for any applicant other than an individual that is a non-governmental entity and that has not received any award from OJP within the past 3 years; this form must be downloaded, completed, and then uploaded)
- [Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements](#) (required to be submitted in GMS prior to the receipt of any award funds)
- [Disclosure of Lobbying Activities](#) (required for any applicant that expends any funds for lobbying activities; this form must be downloaded, completed, and then uploaded)

- [Standard Assurances](#) (required to be submitted in GMS prior to the receipt of any award funds).

## **Selection Criteria**

OJJDP will rate applications that proceed to peer review on a 100-point scale, based on the following point values for the selection criteria:

1. Statement of the Problem (15 points)
2. Performance Measures Requirements (15 points)
3. Program Design and Implementation (20 points)
4. Capabilities and Competencies (30 points)
5. Budget (20 points)

See “What an Application Is Expected To Include,” page 10, for descriptions of the above criteria.

## **Review Process**

OJP is committed to ensuring a fair and open process for awarding grants. OJJDP reviews the application to make sure that the information presented is reasonable, understandable, measurable, and achievable, as well as consistent with the solicitation and its requirements.

Peer reviewers will review the applications submitted under this solicitation that meet basic minimum requirements. OJJDP may use either internal peer reviewers, external peer reviewers, or a combination to review the applications under this solicitation. An external peer reviewer is an expert in the field of the subject matter of a given solicitation who is not a current U.S. Department of Justice employee. An internal reviewer is a current U.S. Department of Justice employee who is well versed or has expertise in the subject matter of this solicitation. A peer review panel will evaluate, score, and rate all eligible applications. Peer reviewers’ ratings and any resulting recommendations are advisory only. In addition to peer review ratings, considerations for award recommendations and decisions may include, but are not limited to, underserved populations, geographic diversity, strategic priorities, past performance, and available funding.

The Office of the Chief Financial Officer, in consultation with OJJDP, conducts a financial review of applications for potential discretionary awards to evaluate the fiscal integrity and financial capability of applicants; examines proposed costs to determine if the budget detail worksheet and budget narrative accurately explain project costs; and determines whether costs are reasonable, necessary, and allowable under applicable federal cost principles and agency regulations.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General (AAG), who also may give consideration to factors including, but not limited to, underserved populations, geographic diversity, strategic priorities, past performance, and available funding when making awards.
